

Media & PR Coordinator

Community Windpower Ltd is experienced in the identification, design, development, construction and operation of onshore wind energy projects. An exciting opportunity has arisen for an experienced **Media & PR Coordinator**, based at our Head Office in Frodsham, Cheshire.

We are looking for a creative PR, marketing and social media candidate who will work with national, regional and local media and engage with people via our social media channels to generate increased coverage and awareness of our company. Knowledge and previous experience of a similar role are essential.

The role will also involve working with our internal teams to promote the Company's wind farm portfolio and all the community work and funding initiatives we are involved with. Work would include the production of editorials, press statements, advertorials and production of corporate materials. In addition it will include the administration and management of the Company's websites and social media outlets.

Requirements and Skills:

- Relevant Media/PR qualification and national journalism experience essential;
- Previous experience of working in a similar role is vital;
- Excellent writing and editing skills and a good network of relevant media contacts;
- Experience of developing and assisting with the development of successful media campaigns, plans and strategies within a national, regional and local media context to raise the profile of a company;
- Fully competent IT, digital and graphic design skills incorporating photography, video footage, artwork;
- Ability to design and build websites;
- Experience of developing and managing good relationships with media stakeholders;
- Creative, innovative and able to develop new ideas;
- Ability to work on own initiative, self-directed and motivated;
- Well organised, able to prioritise and manage time effectively and work to tight deadlines;
- Art, design, photography and social media interests and experience whilst working with a strong great attention to detail;
- Experience of working in the renewable energy industry would be preferable but not essential.

This position will be based at our Head Office in Frodsham, Cheshire.

A full and valid driving licence is essential as the role will include travelling to our wind farms and property development sites across the UK.

To apply for this position, applicants should send their CV and Covering Letter to gillian@communitywindpower.co.uk
