

Commercial Analyst

Community Windpower is at the forefront of wind energy development in the UK with over 1GW of renewable energy in their portfolio containing onshore wind farms that are built, under construction and in development. As renewable energy specialists, we are fully experienced in the identification, design, development, construction and operation of onshore wind energy projects.

We are looking to recruit a Commercial Analyst or Financial Modeler with experience of working in private equity, commercial banking or investment funds. Experience within the infrastructure, renewable energy or power sector would be a benefit.

This is a unique opportunity to join a leading business within the sector, offering significant growth potential and an exciting and diverse role. The successful candidate will join our expanding Commercial Team reporting to the Commercial Director, and work closely with our legal, technical and planning teams. The position is permanent, full time and based at our Head Office in Frodsham, Cheshire.

Key Duties

The daily tasks will include, but are not limited to:

- Reviewing acquisition opportunities in the onshore wind and associated power sectors, including valuation modelling and transaction support.
- Energy market analysis including hedging strategy, macroeconomics and policy.
- Tendering, negotiating and completing new commercial contracts including supply and service contracts across the business
- Undertaking Project and corporate finance due diligence and transaction support.
- Ad-hoc job-related tasks as and when requested.

Skills required

- ACCA or CIMA Qualified or Part qualified and actively studying to qualify (preferably in final level)
- 2 years post-graduate experience in a corporate finance position
- Strong quantitative skills, including extensive experience building financial models
- Excellent written and verbal communication skills (written, verbal, aural)
- Good team player, attention to detail and solution focused attitude

Our projects are located in the UK, therefore a valid and clean driving licence is essential to travel to these locations to attend meetings, undertake assessments and carry out site visits.

To apply for this position, please send your CV and Covering Letter to careers@communitywindpower.co.uk
